## **Information about the guest place.**

### **Andermatt Swiss Alps**

From vision to destination: Andermatt has developed into a year-round destination in recent years, with apartment buildings, hotels and chalets, the Scottish-style 18-hole golf course, which presents golfers with a welcome challenge, and the SkiArena, which is not only the most modern ski resort in Switzerland but also the largest in Central Switzerland, with pistes from Andermatt to Sedrun and Disentis. The 5-star deluxe hotel The Chedi Andermatt, with its perfect combination of alpine simplicity and urban sophistication, radiates a special magic, as does the Radisson Blu Reussen, with public indoor pool and wellness and fitness area. More apartment buildings and hotels will be built in the coming years.

## **Radisson Blu Hotel Andermatt**

The 4-star conference hotel Radisson Blu Reussen stands vis-à-vis the Gotthard Residences, directly accessible without stepping outdoors. The building is reminiscent of the grand hotels of the 19th century, which were designed to protect their guests from the wind and snow of the mountains. The Radisson Blu Reussen comprises 180 rooms and suites, Restaurant Spun and the Bärbar with open fireplace, Andermatt Concert Hall and an event & conference facility. The fitness and wellness centre “uela” with sauna, steam bath, therapy rooms and swimming pool is open to the public.

## **Living in the heart of the Swiss Alps**

The apartments at Andermatt Swiss Alps combine contemporary architecture with the character of a traditional Swiss mountain village. References to the historic townscape are evident throughout. Traditional and vernacular materials such as wood, stone and glass create the modern accents of “alpine chic”. Whether for a primary residence or as a holiday destination, a first or second home, Andermatt Swiss Alps is the perfect place to find a balanced lifestyle. In case the apartment is a second home, the owner may choose to have it rented out to holiday guests during times of absence, thereby generating income.

## **Largest ski region in Central Switzerland**

The now-assured region of Andermatt is prized for all types of winter sport. The SkiArena Andermatt-Sedrun is located in the heart of the Swiss Alps. The excellent climate and the high elevation ensure optimal snow conditions for skiers and snowboarders throughout the entire season. The modern lifts, perfectly prepared slopes, assurance of snow in the region and 120 km of pistes make SkiArena Andermatt-Sedrun the most attractive in Central Switzerland. The "Gütsch-Express" brings snow-sport enthusiasts directly from Andermatt train station right into the ski area.

Those keen for a skiing challenge will find exactly that on the Gemsstock – a freeriding El Dorado that's second to none. Deep-snow lovers from around the world pilgrimage here to the nearly 3,000 m high mountain to experience the freedom of cutting the first tracks in the virgin snow.
